

TECHNICAL PEOPLE LEADER

Nothing is more exciting for individual contributors than to receive their first leadership position. It can also be a very challenging transition, even more so if the new leader is a technology professional. Excellent technical expertise is often what propels them into a leader role, but how are they developing their leadership skills? The promise of these programs is in transforming the lone wolf technologist into the leader of the pack.

PROGRAM OPTIONS

- Accelerating Team Leadership®**
 An engaging six-month program that kicks off with a two-day workshop targeting peer team leaders within the organization. Twelve 2-Hr virtual meetings or conference calls are held twice per month for 6 months with additional 9- and 12-month check-ins.
- Architecting the Technical People Leader®**
 A collaborative six-month program in which a group of individuals with common experience and requirements kick off their work together in a 3-hour virtual workshop identifying and recognizing growth opportunities. Two hour virtual meetings are held once per month for 6 months with additional 9- and 12-month check-ins.
- Bonus: Individual Leadership Coaching**
 Every participant has 3 hours of individual coaching throughout the life of the program.
